Dear Colleagues,

We are pleased to note that AmCham Turkey/ABFT continues to grow in size and strength – currently our membership has reached 135+ U.S. companies with operations in Turkey. It is a pleasure to serve a prestigious membership that includes leading firms across every industry, from banking to legal services, consumer products to information technologies, healthcare to aerospace and defense, and delivery to strategic consultancy.

With the leadership and guidance of AmCham Board of Directors that have been serving between the years of 2015-2017, AmCham has defined its priorities based on further increasing bilateral trade, investment and relations between Turkey and the U.S.; developing strategies to strengthen Turkey's business and investment climate to attract increased FDI and support the country's development; encouraging investors to deepen and expand their investments in Turkey; partnering with key stakeholders to help Turkey become a regional hub; and representing and acting as the leading voice for U.S. businesses and investors in Turkey.

We take pride in our achievements in the year 2015 during which we organized a total of 45 different events and activities. These events have varied in type, format, and target audience ranging from breakfast programs and luncheons, seminars, receptions, several meetings and roundtable discussions, university delegation visits, executive trade missions, committee meetings, and international conferences. These exclusive events presented excellent business networking opportunities for participants, allowing members and guests to listen to the views of prominent investment and business figures. During the year 2015, we have also launched our “*Women Leadership Network*” program to bring the best leadership development experience to women at all stages of their careers and to socio-economically empower the next generation of women leaders in Turkey.

In 2015, AmCham has also celebrated the 11th year of its inception and operations in Turkey. Addressing an audience of more than 250 public and private sector leaders from Turkey and the U.S., our guest of honors in the Gala was the Minister of Economy of the Republic of Turkey H.E. Nihat Zeybekci and Deputy United States Trade Representative Ambassador H.E. Michael Punke.

Throughout 2015, AmCham has also actively pursued its Committee activities that are driven and co-shaped by the interests and inputs of AmCham members. These advocacy efforts were also guided by AmCham's annual “*Business and Investment Climate in Turkey*” survey series since their first initiation in 2007, “*Member Profile Surveys*” since its launch in 2013, and the “*U.S. Companies on Doing Business in Turkey*” research paper of 2014. Going forward, AmCham will continue to expand and enrich its portfolio of research and studies by actively contributing to the dialogue on the enlargement of Transatlantic Trade and Partnership Agreement (TTIP) and other original industry specific contents for policy.

The year 2015 has been exciting for the American Chamber of Commerce in Turkey and this Annual Report presents an overview of AmCham's activities and efforts. Taking this opportunity, we would like to thank all of our members for their continued support, cooperation, hard work and involvement.

MEMBERSHIP

AmCham membership is open to major U.S. corporations, small and medium size businesses, NGOs and U.S. citizens that share a common interest in the mission of the Chamber.

From exclusive, targeted marketing opportunities to special events organization and expanding the network of its members, AmCham makes its members’ needs a priority. Once a member joins, it gains access to a vast network of business information and contacts in Turkey as well as valuable information on U.S. businesses across Europe and the Middle East. This is made possible through AmCham Turkey/ABFT’s close relations and frequent exchange with the AmChams in Europe and the AmCham global network.

Corporate members also represent their companies at AmCham committees in the areas of *Ethics and Compliance*, *Healthcare*, *Information and Communication Technologies (ICT)*, *Intellectual Property Rights (IPR)*, *Public Affairs*, *Corporate Social Responsibility* and *Aerospace and Defense*. Committees help our members to understand regulations, overcome challenges, and seize opportunities in the market in a pro-active manner. Working within these platforms gives member companies an opportunity to make a real impact to the future of their businesses in Turkey.

Membership Services and Benefits

AmCham Turkey/ABFT builds its work around the following firm foundations:

BUSINESS NETWORKING

- **Events:** AmCham Turkey/ABFT hosts several exclusive events throughout the year for its members, all planned to help its members' businesses develop. These events represent excellent business networking opportunities, allowing members and guests to listen to the views of prominent investment and business figures and facilitate the building of sector specific platforms.
- **Connections:** AmCham Turkey/ABFT is a focal point for various actors representing diverse sectors in the international market. Through its close relations and frequent exchange with the AmChams in Europe and the AmCham global network, AmCham Turkey/ABFT is the optimal contact for solutions to members' international trade and investment matters. Once a member joins, it starts utilizing AmCham's wide network of connections.

ACCESS

AmCham Turkey/ABFT provides access to reliable and qualified information through its

- **Business and Investment Climate in Turkey annual surveys**
- **Member Profile Surveys**
- **Business Studies & Sector-Specific Reports**, including those from members

Members have full access to a resource library that includes AmCham membership directory, annually conducted business and investment climate in Turkey survey results, Member Profile Surveys, AmCham newsletters, and other publications.

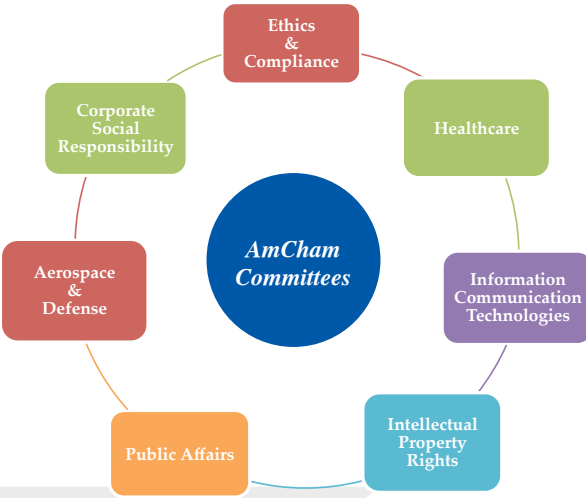

ADVOCACY

AmCham Turkey/ABFT identifies, represents, and voices its members' interests, helps them gain access to public representatives, and support members to find solutions to business challenges. AmCham believes an active dialogue between business and decision-makers is crucial. That's why AmCham consults members to identify the issues that affect them most and put forward suggestions – all with the goal to implement policies that would bring a better business and investment environment to Turkey.

- **Committees:** Representing diverse sectors and industries, AmCham Committees provide a forum for U.S. companies to raise issues about the business climate in Turkey, identify trends and seize opportunities in the market.
- **Position Papers:** AmCham prepares position papers that state sector-specific positions and opinions, and general overviews of U.S. business executives.
- **Member Profile Surveys:** Each year AmCham conducts Member Profile Surveys in order to set its priority working areas and framework for operation based on the survey results.
- **Business and Investment Climate Surveys:** Each year AmCham conducts a survey researching the outlook and perceptions of U.S. companies operating in Turkey. The survey focuses on the commercial and investment environment in Turkey, polling executives on a variety of factors affecting investment decisions, technology transfer, and job creation. The survey is then published and shared with members and other stakeholders.

AmCham Committees

AmCham has seven sector committees including the following: *Ethics and Compliance*, *Healthcare*, *Information and Communication Technologies (ICT)*, *Intellectual Property Rights (IPR)*, *Public Affairs*, *Corporate Social Responsibility*, and *Aerospace and Defense*.

AmCham Turkey/ABFT Board of Directors, the AmCham team and the Committees work together to achieve AmCham’s goals set forth in its strategic plan. Committees deliver reports on their activities and participate in the discussion of issues and planning of events relevant to their areas of interest. In many instances, there is cross-coordination between AmCham committees.

The Committee works are carried out by a group of qualified representatives of AmCham membership on a voluntary basis. The focus of Committee meetings depends on the existing situation and pertinent current events in Turkey and includes newly adopted laws, proposed regulations and amendments, and industry specific issues of Committee members. Platinum and Gold members can participate in the Committee activities.

VISIBILITY

AmCham Turkey/ABFT assists its members' marketing efforts through its website, quarterly newsletters, and active social media platforms. In addition to these platforms, special events provide great publicity via sponsorship opportunities, further contributing to members’ marketing efforts.

- **Website & Social Media:** AmCham's dynamic website and vibrant social media platforms are 24/7 attractive channels for members reach out to their target audience.
